## **Data Security**

All data is in the cloud  
- resulting in a stable  
system, where no  
data risks losing.

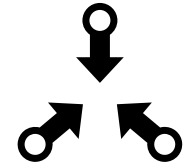

## **Reports**

Via sms and/or  
e-mail at stops and  
deviations or when  
something has  
happened.

## **Planning**

Plan maintenance  
on, for example,  
a hotel room or  
public toilets.

## **Cooperation**

Interact with other  
systems APIs

A modern chrome faucet and showerhead are shown against a background of light gray square tiles. The faucet is a sleek, curved design, and the showerhead is a rectangular, handheld style. A white rectangular box is superimposed over the center of the image, containing the text "Tronic family" in a bold, black, sans-serif font.

# Tronic family

# Care for water

The purpose of Water with care was started to create a common picture of the Group's sustainability work, with the intention of highlighting the green profile and the environmental commitment that exists within FIM Mattsson Mora Group.

ENVIRONMENT

**Our environmentally friendly  
mixers can reduce water and  
energy consumption by over 30%**

HEALTH

**All our mixers made of traditional brass  
or lead-free brass are Swedish-made  
and meet all health and regulatory  
requirements**

## POWER RATING

**Swedish standard**

**Based on laboratory tests**

**Takes into account energy consumption**

A close-up, low-angle shot of a person's hands typing on a laptop keyboard. The lighting is warm and golden, suggesting a sunset or sunrise. The background is blurred, showing a laptop screen and some indistinct shapes. The text 'fmmattsson.com/iot' is overlaid in a white box across the middle of the image.
